The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations

Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Antioch Police Department's Strategic Public Safety Technology Improvements – Real-Time Operations Center (RTOC) Project in Fiscal Year 2027. The entity to receive funding for this project is the City of Antioch, located at 200 H Street, Antioch, CA, 94509. The funding would be used to purchase the necessary equipment to establish a Real-Time Operations Center to integrate existing technologies into a unified, citywide system. The project is an appropriate use of taxpayer funds because it delivers clear public benefit, enhances regional coordination, and strengthens the City's long term emergency management posture.

The project has a Federal nexus because the funding provided is for purposes described in section 1701(b)(9) of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10381(b)(9)).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Josh Harder
Member of Congress
